The Anti-Dreyfusard Evening Papers Made Rabid Attacks Upon Presi-Loubet for His Action.

There is Reason to Believe That Dreyfus is Already Out of Prison and That With His Wife He Left Rennes Tuesday Night

New York, Sept. 20 .- A cablegram from Rennes says that Capt. Dreyfus left there at 8 o'clock Wednesday morning.

He proceeded to Verne where he took a train for Nates. His departure was completely unnoticed.

PARIS, Sept. 20. - The decision of the cabinet to pardon Dreyfus in a few fact, it may be said that it caused no rioting on the boulevards. In front of three years. the office of the Libre Parole, where a crowd usually assembles in the evenwas not the slightest gathering or the faintest sign of a demonstration either for or against Dreyfus.

One would think that the fire of the Dreyfus agitation had burned itself out. The anti-Dreyfusard evening cially at this time, in view of the situapapers tried to infuse interest into the government's action by a rabid attack upon President Loubet, but their efforts were futile. The peaceful crowds that filled the tables in front of the cafes, sipping their after-dinner soffee. looked at the newsboys, who displayed the front pages of these sneets with their violent headlines, but utterly refused to get excited. The majority did not even discuss the matter. or only made the passing remark that the decision was just what had been expected and predicted by every Parisian newspaper since the Rennes court-martial delivered its verdict.

The anti-Dreyfusard newspaper Son had the most sensational caption, two

MME DREVEUS (The Faithful Wife of the Unfortunate

Cuptuin.) iines of enormous letters extending across the entire front page announcing "The traitor Dreyfus pardoned; ontrage on the army." Then, in the course of an article violently attacking President Loubet, it said: "Loubet has given himself a coun d'grace in pardoning Dreyfus. He should prosecuted for committing an outrage upon the army, for his decision amounts to this. By a stroke of the pen he has destroyed the effect of the sentence of two court-martials and has declared that two military courts have lied."

The Soir adds: "The affair has become grave when the chief of state assumes the leadership of the anti-military movement and pardons a confessed traitor under the pretext that he had been condemned twice ins ead

The Presse, Tuesday evening, said: "Dreyfus withdrew-his appeal Tuesday. This was the 'various formalities' mentioned in the official communication as 'remaining to be fulfilled' before the pardon would be signed. The traitor will now be set free and be able to give lectures in England and America on the secrets of the iron safe in the etat major bureauxs."

London, Sept. 20. - The Rennes correspondent of the Daily Telegraph, wiring at 9 o'clock Tuesday evening.

"There is reason to believe that Dreyfus is already out of prison, and that, with his wife, he will probably leave Rennes Tuesday night."

The Decision of the French Cabi- President Regards Adm. Schley's Assignment to the South Atlantic Station an Honor.

The Station Regarded as of Great Importance in View of Trouble in South Africa.

It is Probable, Owing to the Gravity of the Situation, That Some Additional War Vessels Will Be Assigned to the Equatron.

WASHINGTON, Sept. 20 .- Rr. Adm. Winfield S. Schley will succeed Rr. Adm. Howison in command of the South Atlantic station. He has no protest to make against the assignment which the navy department selected for him. As a sailor he will obey orders without a murmur. He called upon the president Tuesday afternoon and told him that he had no days created less interest in Paris than complaint to make; that he would would the result of a horse race. In cheerfully assume the duties of any post selected by the authority which excitement what ver. There was no it had been his pride to serve for forty-

Rr. Adm. Schley was very reticent when he left the white house after his ing to gaze upon the huge colored interview with the president, and extransparencies outside the windows of cept to say that he always obeyed orthe leading anti-Semite organ, there ders would make no statement as to the interview and offer no comment apon the assignment to the command. To the rear admiral's friends the president has said that he regarded the station as of great importance, espetion in South Africa and the unsettled condition of affairs in some of the South American countries.

Far from regarding the assignment as a slight the President told Adm. Schley's friends he regarded it as a mark of distinction. Besides he said it was the only way to gratify the admirals desire for sea service. The Asiatic squadron is in command of Rr. Adm. Watson and Rr. Adm. Farquhar, who is Adm. Schley's senior, has been selected for the command of the North Atlantic squadron when Rr. Adm. Sampson leaves it after

the Dewey reception in New York. The only other squadron commensurate with the dignity of a flag officer of Rr. Adm. Schley's rank, therefore, is the South Atlantic. It is probable in view of the importance attached to the station at this time. that some additional ships will be assigned to the squadron, which now consists only of the flagship Chicago, the Wilmington and the Machias.

A STRIKE ORDERED.

on the Federal Building, Chicago, Ordered to Leave Work.

CHICAGO, Sept. 20.-A formal strike of tricklayers and stonemasons employed on the new federal building was ordered Tuesday. The foundation for the corner-stone, which is to be laid by President McKinley during the fall festival in October, was built last Sunday. The work was done by union masons, but under a sub-contract from John R. Peirce, who has the contract for the stone work of the federal building. Few men are affected, but uuless the strike is settled it will probably prevent the laying of the cornerstone. The strike grievance will be brought before the Building and Trades council Friday night, and unless the disagreement between the labor unions and Contractor Peirce over the corner-stone, which it is claimed was cut by non-union labor, is settled, all work on the post office will be stopped.

Insurgents of Luzon Proffer to Deliver Lieut. Gi more and Comrades to Americans.

NO RIOTING ON THE PARIS BOULEVARD. SCHLEY ACCEPTS WITHOUT PROTEST. ALSO SEEK TO PARLEY WITH OTIS.

Secretary Root of the Opinion That the Rebels Wish to Gain Time at a Critical Moment.

However, the Military Operations Will Not Be Restrained, and the Reinforcement of Gen. Otis' Army Will Be Pushed Ahead.

Washington, Sept. 20. - Secretary Root Tuesday received a cablegram from Gen. Otis that seemed to indicate a weakening on the part of the insurgents in Luzon. It contained a proffer to deliver the American prisoners who have been for so many months in the hands of the insurgents, and also sought permission to parley with Gen.

This cablegram was at once taken by Secretary Root over to the cabinet meeting and formed the main topic for discussion at the beginning of the session. However, upon reading the message carefully its apparent importance seemed to diminish. Secretary Root himself did not regard the matter as of importance at this time. He recalled frequent efforts on the part of the insurgents in the past to gain time at critical moments by opening negotiations ostensibly with the object of making peace, and he was not sure but this last offer was something of the same kind. However, the secretary was of the opinion that it would fail to afford the insurgents any advantage. Gen. Otis would receive any messenger and listen to him. and make answer to his proposals, but this would not restrain the military operations in the slight st degree and the American arms would lose no ground, no matter how the negotiations turned out. There is a possibility also that the insurgents may have become disheartened at the renewed and intense activity in the direction of reinforcing Gen. Otis, and concluded in view of the great forces gathering to open the campaign in the dry season that further resistance would be

It is pointed out as a noticeable fact that Aguinaldo's name does not appear in Gen. Otis' dispatch, and though this may not be of great significance, still among some of the army officers it is surmised that there are serious dissensions among the insurgents, and that perhaps some of the discordant elements are acting on their own responsibility.

his party was one of the most stirring incidents of the insurrection. It occurred while the cruiser Yorktown was making a survey of the western coast of Luzon, with a view to locating some of the detached Spanish garrisons which had been long cut off from the populous centers. It was known that a Spanish garrison had been surrounded at Baler, on the eastern coast, and Lieut. Gilmore, with a boat's party from the Yorktown was sent ashore to reconnoiter the surrounding country. He divided his command, one party remaining near the shore, while another pushed inland. This was the last heard of the lieutenant and the 15 men who accompanied him. The other members of the party waited for a long time, but got no trace of their companions, and finally were obliged to return to the ship without them.

AN OMINOUS SILENCE.

of All Excitement in British Official Circles Bodes No Good for the Transvaal People.

LONDON, Sept. 20 .- Summonses were issued late Tuesday afternoon for a cabinet council, which, it is understood, will be held Friday. This is regarded as the result of the visit of the premier, Lord Salisbury, to London, whither he came Tuesday afternoon, remaining at the foreign office from 4:30

p. m. to 6:30 p. m. The lack of all excitement in official circles bears evidence to the deliberate manner in which the highest officials are handling the crisis. Nor is it by any means certain that the cabinet council will adopt extreme measures, in spite of the uncompromising nature of the Boer reply. This deliberation on the part of the government is interpreted, not only in London but in other European transports are hurrying to Cape to shipping is reported.

The Berliner Nueste Nachrichten, commenting on this, to-day says: "The present calm is meant only to deceive to the task of facing the Boers this turn to work Wednesday morning. peaceful tone will give way to a blatant ry for war."

M. Guerin Gave Himself Up to the French Authorities-Military Activity on the Rue de Chabrol.

Paris, Sept. 20.-At half-past 11 o'clock Tuesday night Lucien Millevoye, one of the deputies for the department of the Seine, accompanied by the brother of Jules Guerin, the anti-Semite agitator, entered the Grand Occident, the building in the Rue de Chabrol where Guerin and his companions have long been besieged. About the same time the soldiers who had been guarding the approaches were withdrawn and replaced by troops fully equipped as if for field service.

M. Millevoye and the brother of the agitator left the building at half-past 12 o'clock. While they were within a rumor circulated swiftly that Guerin had decided to surrender, but this proved to be without foundation. At a o'clock Tuesday morning M.

Guerin promised to surrender. There has been considerable activity in the Rue de Chabrol throughout the

At 4 o'clock, precisely at the hour appointed, a captain of the municipal guards rapped at the door of Fort Chabrol. There was a moment of expectation, and then the door opened. M. Guerin calmly presented himself, meekly surrendered, and was driven to the police depot in an open cab, seated beside the captain of the guards. His companions were allowed to go
